eighties

"Hil Centerville High School has asked me, Charles Henry Star, to introduce its 1981 yearbook, "Challenging the Eighties". You can call me just plain Charley . . .

You see, CHS students have challenged the eighties by challenging themselves to be the best they can be. Starting with sports . . . a rainy Homecoming victory over Lincoln began the year rolling. Other teams strived and received top honors: the cross-country team, Regional Champs; boys' basketball, Wayne County Victors; and girls' volleyball, TEC "rookie" Winners . . . but sports isn't the whole ball game . . .

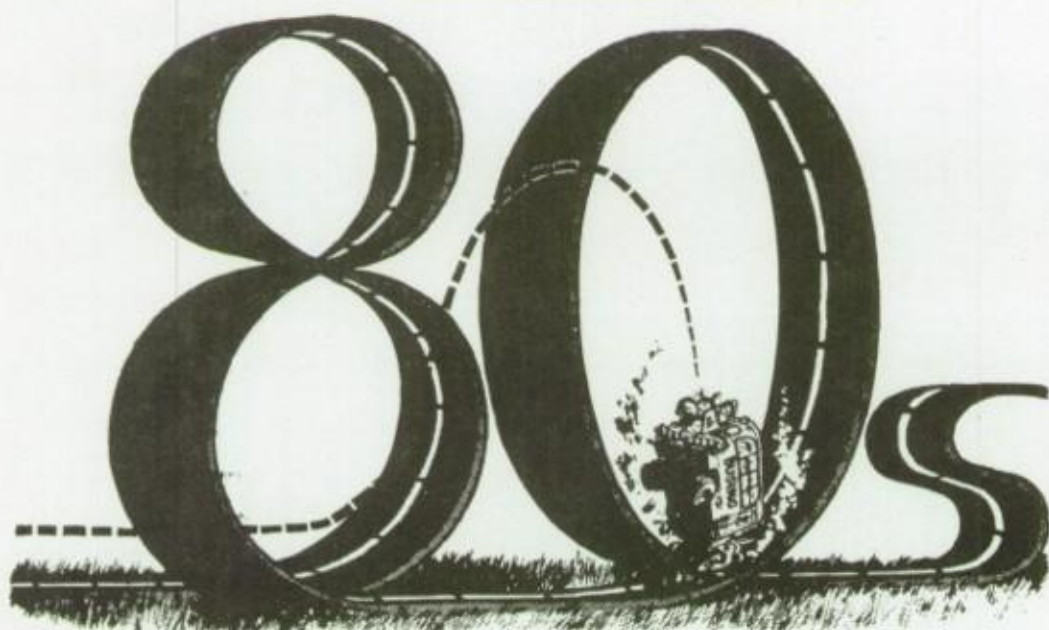

1. In journalism I the theme is commercials and Kim Poindexter and Cindy Mathews vocalize the jingle, "B-O-L-O-G-N-A."

NEW YORK (AP) — J.R. Ewing was shot by Kristin Shepard, his wife's sister and his former mistress, CBS revealed Friday night in a long-awaited episode of "Dallas" in which viewers also learned she is apparently pregnant with his child.

The show that answered the question "Who shot J.R.?" capped a phenomenal publicity campaign, and CBS hoped the installment would become the all-time ratings champion for an episode of a regular series.

But for all those hooked on the prime-time soap opera, the nail-biting did not end with Friday night's disclosure.

Viewers learned that it was Kristin who fired two bullets into the conniving oil baron in the

GETTING READY-Following spirit week activities and float building, PACE launched Homecoming with a bonfire on October 4, in a chilly drizzle.

PARADE-Overcast skies and cold winds failed to dampen enthusiasm as Grand Marshal Alta Armstrong, former teacher, led a parade of class and commercial floats, bands, fire trucks and police units through town to the high school.

FLOAT AWARDS-For the third straight year, the class of '81 captured the "Best All-Around Float" with the entry "Nobody Can Do It Like the Bulldogs Can." Freshmen won "Most Functional Float."

CROWNING-Debbie Study reigned as queen amidst a colorful band and Centurion halftime show.

Dances are popular pastime

1. Lynn Brooks proudly crowns David Dowler prince of the senior class.
2. The royalty of the annual Girl Invite Dance: King Mr. Abel, who looks confused at the fuss over such a simple man as he; Princes David Dowler, Pete Horn, Bob Tice, and Mark Day.

WHAT?

Dances! Centerville's favorite chance to get up and boogie or dance real slow with someone special.

WHO?

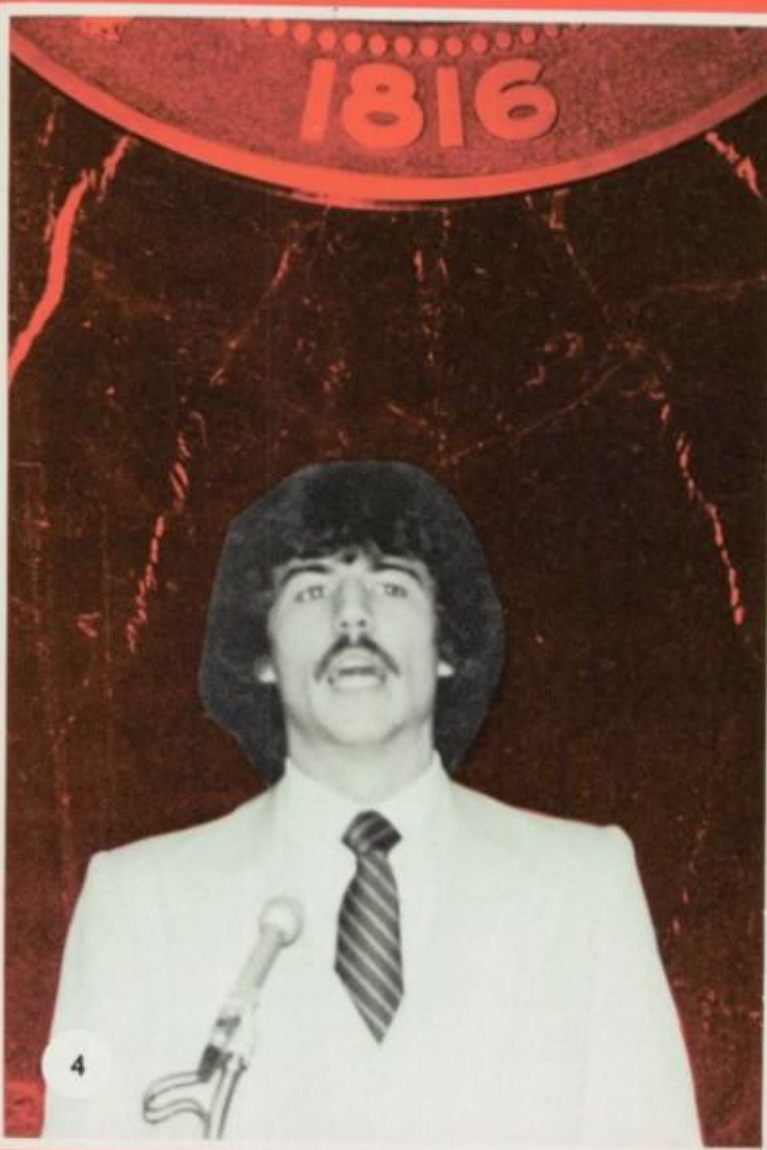

You and me! With some help from the clubs and local DJ's. The Art Club, Publications Staff and Y-teens were a few sponsors.

WHEN?

There were many dances throughout the year such as the Girl Invite, an Urban Cowboy medley, the Inaugural Ball, and a punk rock festival.

Model Legislature is . . .

1. Our own Scott Barton stresses his point in his unique style. 2. Mixed reactions from shock to quiet thought are shown during a house session. 3. Miss Anne Bakker displays her demurely disgusted look at those "stuffy" Republicans. 4. John Buskey, our distinguished governor for the 1980-81 session, addresses the legislators.

What is Model Legislature? *Model Legislature* teaches us much about our government's legislative process through actual participation. The trip to the State House highlighted the whole event and made it more official.

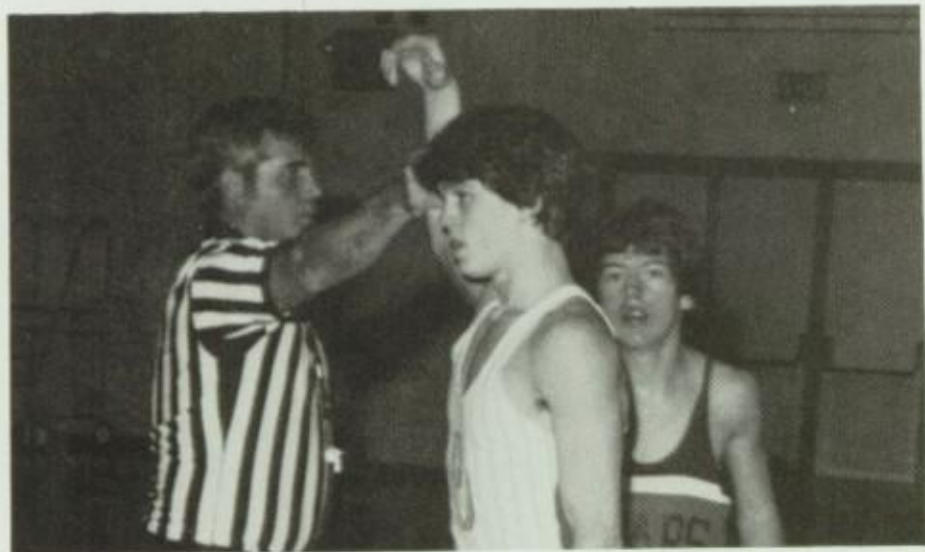

Yes, Model Legislature is important to the people who participate. Forty-three CHS'ers traveled to Indianapolis for a busy day legislating. Our candidates won many top positions including the third governor in Centerville's history.

When you write bills or work on them in committees, you find yourself really trying to solve some of the problems we have today. You get a more realistic view of the job of a legislator and maybe you appreciate them more.

Front row, from left, Darrin Dolehanty, John Burgoon, Anne Bakker, John Buskey, Bill Austerman. Row 2: Mr. Phil Stevenson, sponsor, Martha Helderman, Lisa Hughes, Holly Norris, Mindy Jacobs, Karen Burtz-laff, Kim Smith, Kelly Stanton, Dan Myers, Jerry Glenn, Jennifer Hufnagel. Sport Challengers are named

Senior Joe Pierce finished off a fine wrestling career by being voted **MOST VALUABLE WRESTLER** at the New Palestine Tourney where he placed first in his weight class. Joe went on to represent CHS in semi-state competition.

Equal rights hit Centerville when sophomore Mindy Jacobs became the **FIRST GIRL** to participate on the boys cross-country team. Mindy also competed in the state meet where she placed 15th.

Nobody will forget Mark Senefeld's **SLAM DUNK**, the first ever at C.H.S., at Hagerstown on December 19. Mark was also successful in cross-country by setting TEC conference and sectional records and was a key factor in Centerville's victory over Richmond in the regional.

More challengers meet goals

"Solo contest can be fun!" attest this year's winners. They are, from left, Anne Bakker, piano; Kim Reece, vocal; Bob Schroeder, percussion; Scott Barton, saxophone, and Becky Hazeltine, trumpet. After long hours of hard practice, each received a **FIRST RATING ON THEIR SOLOS** at Butler University February 21.

It's easy to see why Kim Miller worked so hard to be chosen for the COCA-COLA ALL AMERICAN DRILL TEAM. As one of the two freshmen on the 100-member team, she spent Christmas vacation in Hawaii and performed during halftime in the Hula Bowl on January 10. Her new friends are Mark Herrman of Purdue and Lisa Caruso from Angola, Indiana.

After coaching another great season highlighted by record breaking performances and the regional triumph over Richmond, Dennis Stephen won some recognition of his own. He was nominated for "COACH OF THE YEAR" in Indiana cross-country competition. We are thankful for Mr. Stephen and all our coaches and sponsors for their invaluable assistance in helping us overcome our challenges.

CONVO

Everything from pep sessions to student government conventions were presented as 1981 convos.

The Globetravelers made some hot shots against the faculty. FCA sponsored the event.

Jazz, western and disco dances were performed by two esteemed dancers from Dallas, Texas.

FFA held their annual farm contest convo during Agricultural week.

Pegasus, a local band consisting of two CHS students, rocked and rolled.

Ball state gymnasts flipped, flopped and flew through the air.

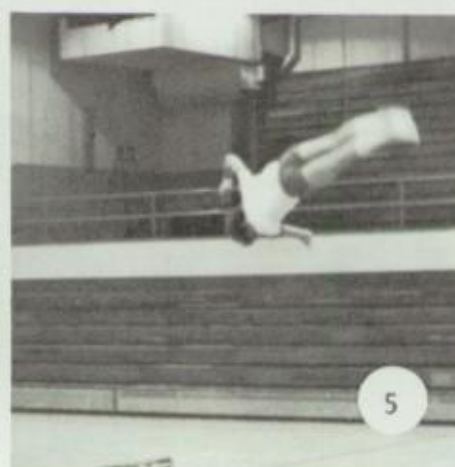

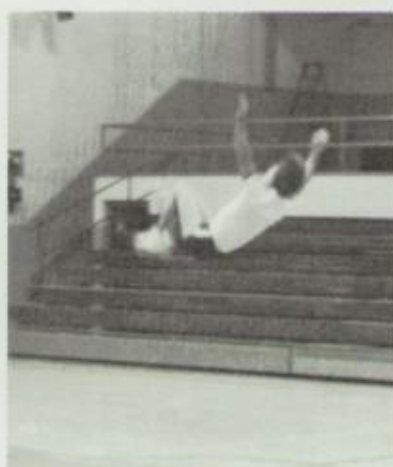

1. A Globetraveler helps Mrs. Sedam perfect one of her unknown pencil talents.

2. Highly acclaimed dancer Larry Turner of Dallas, Texas shows his disco moves.

3. Pegasus, Doug Wright, Rick Smith, and Mark Stamps, turn CHS onto their sound.

VOS

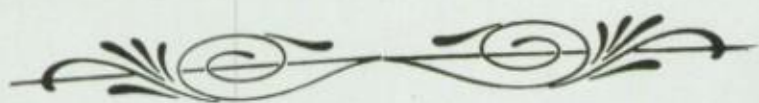

1. Senior basketball players show their "raw spirit."
2. At the sectional pep session varsity players build up to their "high point" of the season.
3. Juniors on the varsity stay "abreast" of their talents.
4. Seniors show SUPERIOR spirit.

"Act one, scene five!" "Can you do my makeup?" "I'm messing up all my lines!"

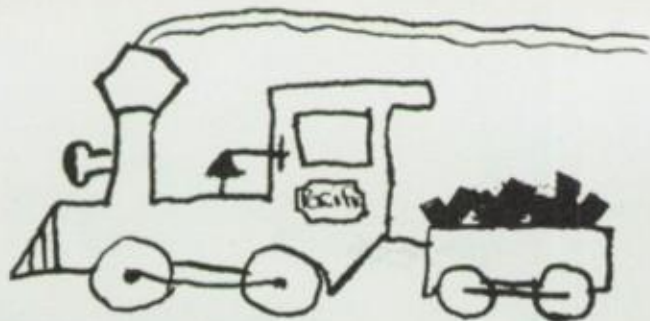

The curtain opened and lights flooded the stage. From people we saw and knew everyday, the characters emerged to tell the tale.

The credit for this year's play goes to everyone, the cast, director, crew, and the terrific audiences. The play followed in Centerville's tradition of fine entertainment.

Director Kathy Ballenger summed up her feelings, "The play this year was a great success. I enjoyed working with the cast and crew so much. The feelings I experienced are what makes teaching a great job."

Students meet their challenges

Lori Beier and Scott Barton were selected as delegates to Hoosier Girls and Boys State. They will participate in a mock legislative session and vie for government positions. They were both active in student government, Scott being student government treasurer for a second year, and Lori was a drum major of marching band.

Sophomore Dale Wise constructed this beautiful table in Advanced Woods class. It is made of walnut and features a plate glass insert top. Dale worked a whole semester to complete it.

In his second year of competition at the Science Fair, senior John Buskey won top honors with his study of the effects of magnetic fields on point bearings. He won a Math Certificate, the U.S. Army Award, a U.S. Navy briefcase and the chance to compete with entries from the U.S. and six foreign countries at the International Science Fair, May 10-May 15, 1981.

*"Love Rides the Rails" was this year's play,
About villians and good guys fighting over a railway.
Truman and Prudence were a pair,
But villian Simon wasn't fair.
He tried to cause a railway strike,
This the stockholders disliked.
Simon vowed not to cause strife,
If Prudence would agree to be his wife.
Truman was tied to the rails,
Prudence flagged the train down and the good guys prevailed.*

*THESPIANS, our young actors,
Help the drama club along,
In the times of a play,
They pray nothing goes wrong.
At the induction ceremony,
Inductees acted out their parts.
Portraying events in the history
of drama,
And how it really got its start.
Waiting there and watching,
There were tellers of the tale.
Telling the story of how drama
began,
As inductees went back over
the trails.*

Kim Reece soloed, and the
words she seemed to say,
were from a song that's called
"Over By The Bay."*

A large graphic of a pyramid composed of the word 'SENIORS' repeated many times, set against a starry night sky background. The pyramid is formed by the word 'SENIORS' repeated many times, with the words arranged in a way that they form a large, symmetrical shape. The background is dark with many small white stars, and a larger, brighter star is visible on the left side. The overall effect is one of a vast, cosmic structure.

GRADUATION

When looking back on May 22, 1981, what will be remembered?

Many will not know that feeling of excitement, joy and the last-minute closeness shared by the class of 1981. Hopefully, these seniors will never forget these "enlightning" moments . . .

SITTING in the dark due to a power outage. SUPPLYING light from generators to lighters and flashlights, the fire department aided in our time of need. PROJECTING her voice, Lori Warfield gave her speech. MAKING the best of a bad situation, Mr. Howell "high-lighted" the evening by flashlight. CONTINUING pix taking, Mr. Wallace "generated" results. AND rejoicing after turning tassels, mortar boards were pitched into the air.

1. Lori Warfield.
2. Tim May and Vicki Hart.
3. Graduating seniors.
4. Jani Zwissler and Mr. Howell.
5. Seniors in the dark.

*Eighty

JANI ZWISSLER
PRESIDENT

Moments . . . to Memories

So many moments have faded into memories now, but for the Class of 81, each day of the past four years was filled with growing, sharing and learning.

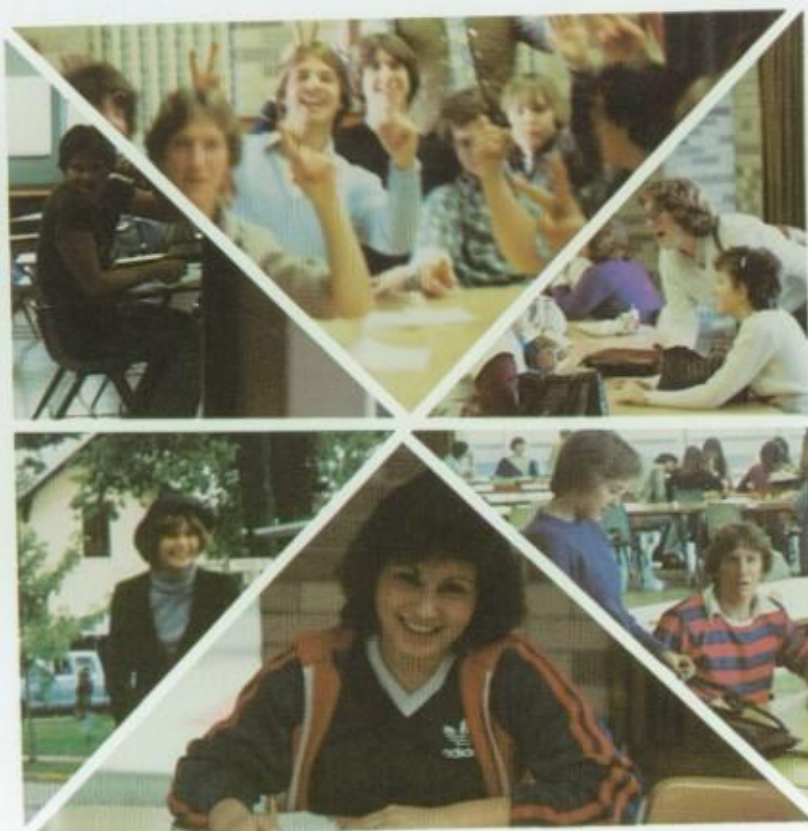

As we reminiscence, we have done untold things as a class. Can you remember? Match these!

- | | |
|--|-------------------------------------|
| 1. Your date to your first CHS Christmas dance. | A. Sophomore year project |
| 2. Limburger cheese | B. Pep sessions |
| 3. "This One's For You" | C. "?" |
| 4. Almost Anything Goes | D. graduation |
| 5. "Eighty-one, eighty-one, eighty, eighty, eighty, eighty-one!" | E. John Buskey |
| 6. May 22, 1981 | F. freshman English |
| 7. "The Bulldog Who Lived in the Shoe" | G. float building at Ernie Fahien's |
| 8. "Romeo & Juliet" | H. junior float |
| 9. Tomato fight with seniors. | I. 1980 Prom |

. . . but THE most important day to remember, was May 22, 1981 when more than 140 of us marched into the gym to "Pomp and Circumstance" to receive our diplomas. Our mighty class challenged ourselves to be the unforgotten 81 alumni!!

It's the time for graduation.
It's more than a cap
It's more than a gown
We've accepted an invitation.
To be a part of life's celebration
Well we're moving, we're moving.
And together we're on our way
Hand in hand, when we can
In between the joys and sorrows
We can fly, you and I
To that land we call tomorrow.
Here we come, what we've reached
for
If we all reached out as one
It's hard to turn loose.
Leave childhood behind.
It won't mean a thing.
If you don't use your mind
We're gonna climb the highest
heights
We're gonna celebrate tonight
We are the future. We are the
future
We are the future generation!!!

A large graphic of a triangle composed of the word 'JUNIORS' repeated many times, set against a starry background with a bright star on the left.

White tornado:

Jumping for our challenges became a common junior class motto for 1981.

Under the roof of Liz Joyner's barn we built our whirlwind float. Masterminds Scott Barton and Jerry Glenn initiated our "award-winning" tornado on wheels.

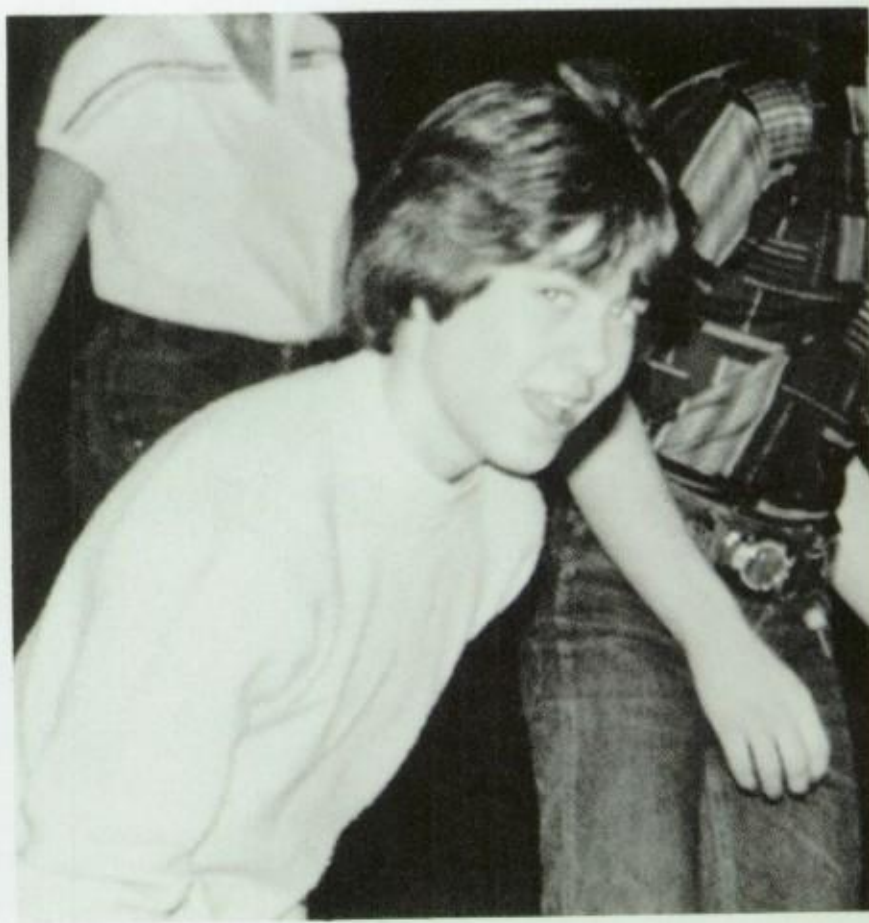

Nearing the beginning of October, our magazine sales began. The \$7163 profit will help pay for graduation caps and gowns.

Initiative led 42 Juniors to honor roll positions for the first semester to top all classes.

Organization for the 1980-81 prom paid off as juniors and seniors gathered for "Midnight Magic."

Reaching the end of May, we gave our tearful good wishes to the graduating class of '81 but cheerfully became . . .

Seniors at last!

Above: Roller King Mike Asher flashes a dashing grin at a school skate. Right: An October storm hits the Homecoming parade with the junior class float falling victim to the elements as well as the judges.

Freshmen achievements

While indulging in a typical gourmet lunch at CHS, Jeff Toney reveals displeasure.

Freshmen challenges were achieved as 25 made their debut on the first semester honor roll.

Rebecca Bing became our freshman princess of the 1980 Christmas dance. She was escorted by freshman Toby McCaslin.

Overcoming the challenge of Homecoming float building, we won best functional trophy for our "American Express".

Struggling over long hours of practice, freshman Bob Schroeder went to state ensemble contest on drums.

Hopes of becoming sophomores were met as we passed down our title of "Rookies" of the school to next year's freshmen.

Challenges are

Conquered conquered conquered

"Hi, again! Wasn't your journey exciting? Yes, the 1980-81 year was challenging for CHSers as they overcame many dares to be #1. Let us review . . .

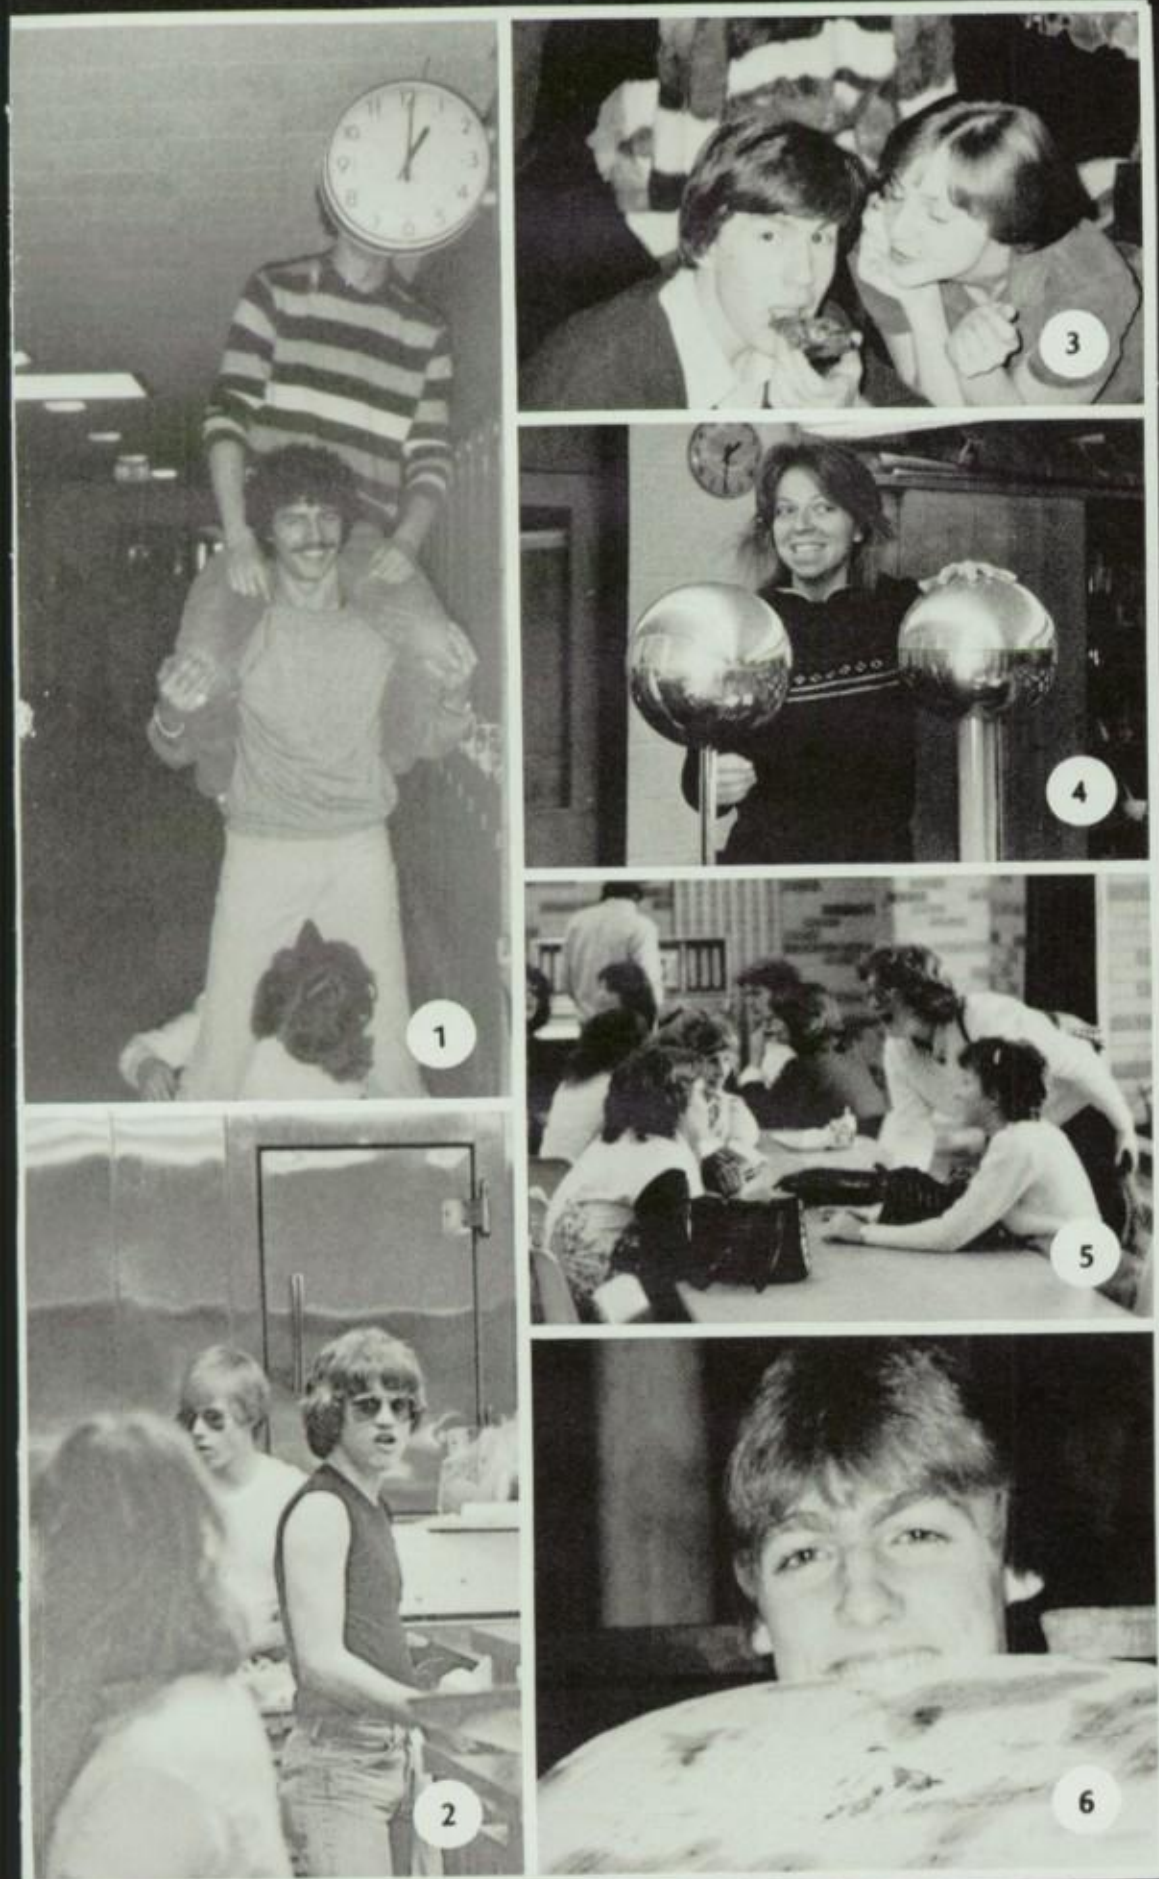

Sports . . . super year for most athletic squads. **Academics** . . . science fair winner John Buskey and history day winners Scott Barton and Denise Alvey. **Clubs** . . . science trip and Y-teen skates. School life isn't all, though, consider . . .

Students on the job . . . flippin' burgers, seasoning tacos and milkin' shakes. Students in their spare time . . . attending concerts, dancing or hanging out at newly constructed McDonald's and famed Clara's pizza parlor.

Gee, these teens sure did keep busy; what an action-packed year! One thing for sure-CHS challenged the 80-81 year and conquered it!!

Hope you enjoyed the book.

Charley

1. Chris Hodson, John Buskey, and Pat Rhoda use teamwork to find out what time it is. 2. It's 50's day at McDonald's, and John Ball and Darrin Dolehanty take time off to pose. 3. What can be more romantic than sharing some pizza together? Scott Barton and Lori

Beier eat at their favorite place. 4. Yes, Susan Adrion always gets ecstatic over science class. 5. Jenny Senters tells some tales to her friends. 6. Pete Horn gets a little carried away with his pizza eating habits.

Constructing . . .

Starting construction on October 5, 1979, the workers began building the new CHS. According to construction manager, Gailen Clem, the crew lost 33 days to rain, 23 to snow and 46 to cold up to April 6, 1981. Following is a list of the finished products of Jacobs-Maze and Associates at the end of the school year.

BEFORE

AUDITORIUM=

Patio, lawn and tree. Traditionally, this site was used for noon recreation and drag racing on the concrete strip.

POOL=

Grass, grass and more grass. Traditionally, this spot was trampled over by the football players.

MUSIC ROOM=

Front lawn. Traditionally, this location was used as a hangout at the football games for non-spectators.

AFTER

AUDITORIUM=

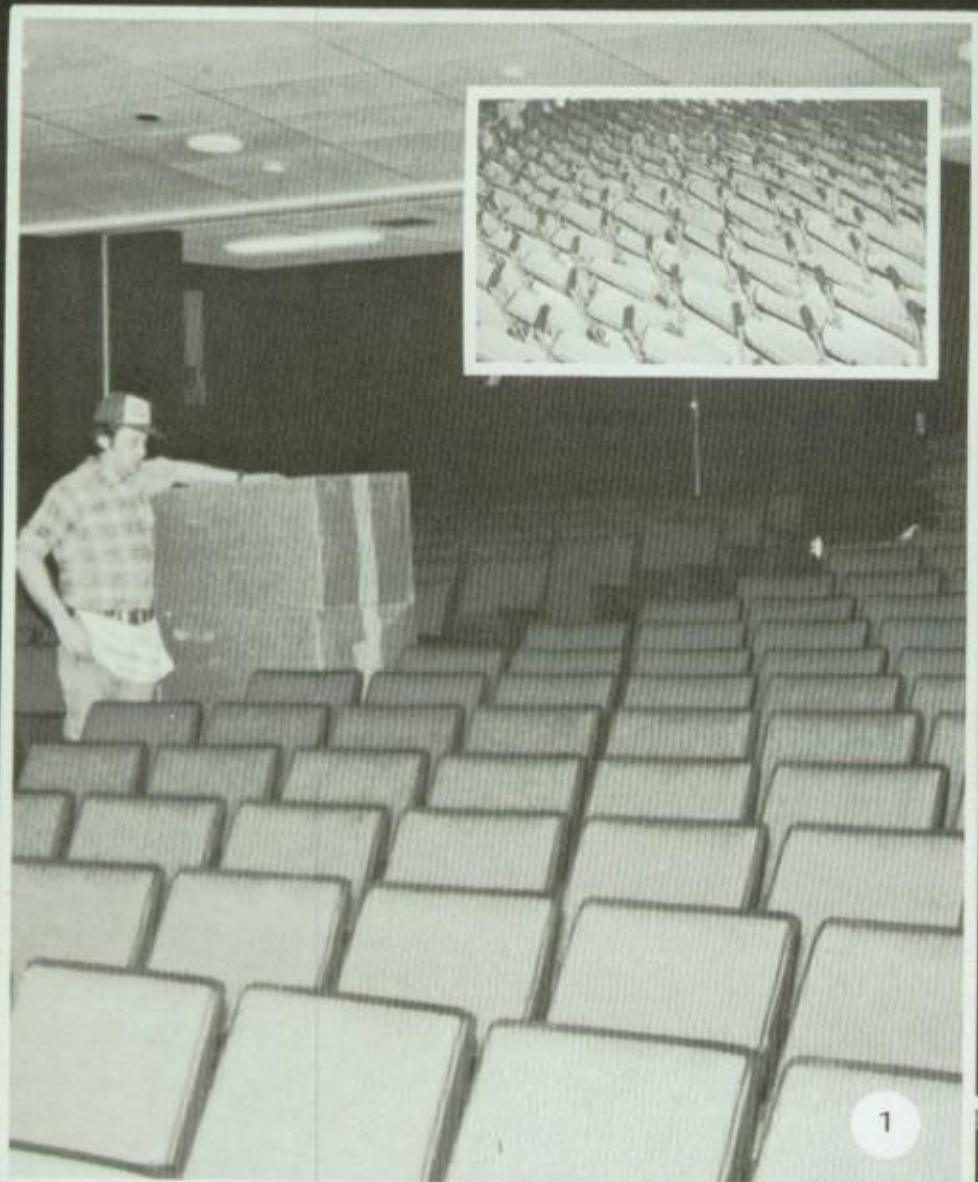

63'2" x 88', air-conditioning, 707 seats, and control room. This will serve for all school and town gatherings.

POOL=

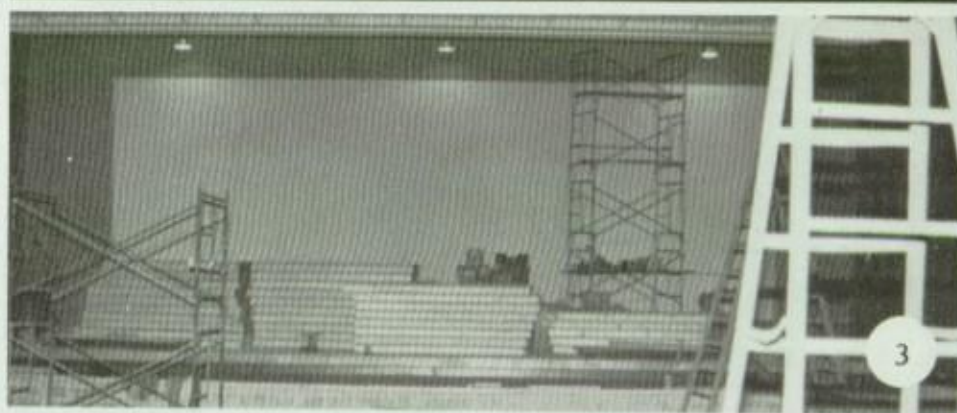

75'1" x 45', five sets of bleachers, locker rooms, showers, and baths. This will be used for P.E. classes and town recreation.

MUSIC ROOM=

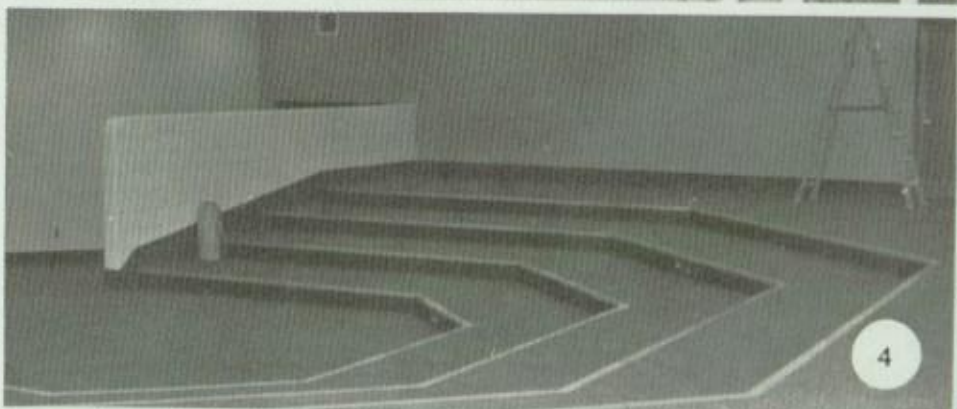

48'8" x 55'8", five practice levels, two offices, storage and dressing rooms. This will be "home" for all music lovers.

1

3

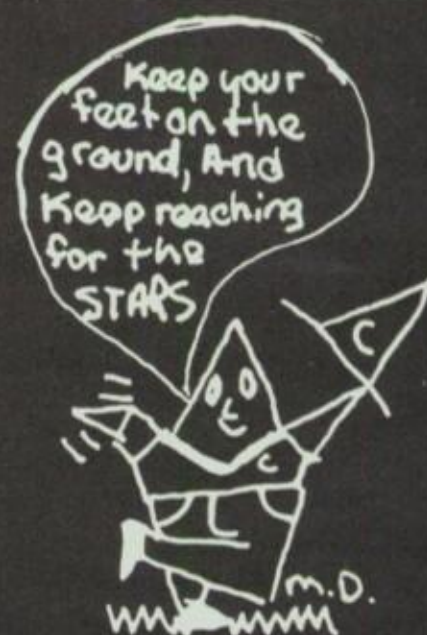

4

1. 707 padded cinema seats line the rows of the new auditorium.
2. The inside of the pool measures 75'1" long x 45' wide.
3. The stage, under construction, finalizes at 63'2" long x 88' wide. The orchestra pits is 12 feet wide and lines the stage.

4. The music room is portrayed by five levels for easier practice and better acoustics. There is an instrumental storage room for band members. Walnut storage cabinets line the walls. This room will also house the Centurions.

Ourselves ourselves ourselves

1. John Ball jubilantly enjoys his daily chocolate cupcake. 2. "Friends forever," expresses Brenda Dyer to Nancy Hamilton. 3. "Did you know that ..." Lisa Palmer whispers to Angie Ninde. 4. Dan Brown ends his senior year with a positive okay

sign. 5. A little bit of closeness is shared between Liz Joyner and Jon Winchester as they walk hand in hand. 6. Scheming Susie Temple pulls a trick on Sherri Falin. 7. Paula Kempton and Lynn Brooks share a note together.

**Editor Lori

"A yearbooker is never forgotten, for his heart has been put into every page." *I quote this in respect to the members of this staff. All of them experimented with new techniques by putting a little of themselves into their pages, and the outcome was tremendous. Also the smiles and work that were shared by these students was a true sign of the team effort performed in producing this book. To each one I say thanks and congrats!*

To Melanie Dillman I extend a special thanks for originating CHARLES HENRY STAR.

"A yearbook without pictures is like a day without sunshine." *Once again many thanks go to Mr. Bill Wallace for his expert picture taking. Also special gratitude is extended to Chris Vogelgesang for all the time spent trying to please me with all my irregular photo and printing techniques I assigned.*

"The telephone is the next best thing to being there." *The phone bill covering my questions on yearbooking had to be out of this world to the yearbook representative Mr. Kim Ash. For this help and time spent with me and my staff, I thank him.*

"Nobody can do it like MAC can." *On behalf of the staff to Mr. McCaslin I say thanks a million times over! When the staff needed confidence, aid or just a smile, he always gave it. The best way to put my feelings into words is, "When working with a friend, the work isn't really work at all." Without his confidence and helping hand, I never could have handled this job as editor. I especially thank Mr. "M" for being such a friend. "Yes, NOBODY can do it like MAC can."*

One last quote—"Without each designer, writer, photographer, artist and adviser, a yearbook is a book filled with blank pages, both literally and personally."

*Thanks again to all,
Lori Warfield
